**MAKE
YOUR OWN
TROPHY!**

WHAT YOU'LL NEED:

- 1 roll of aluminum foil
- 1 paper cup
- 1 piece of cardboard
- 1 piece of paper
- 1 large jar lid (like from a peanut butter or mayonnaise jar)
- Scissors and glue

HOW TO DO IT:

1. Wrap the cup tightly with foil.
2. Fold the cardboard in half, then cut it into the shape of a half circle (ask a parent or adult to help you with the scissors).
3. With the cardboard still folded in half, cut another smaller half circle from the middle. Then cut along the fold so that you have two pieces of cardboard shaped like the letter "C".
4. Tightly wrap both "C"-shaped pieces and the jar lid with foil.
5. Glue each "C"-shaped piece onto opposite sides of the cup for handles, then glue the jar lid to the bottom of the cup to form a base.
6. Once the glue is dry, you can decorate your trophy with paints, stickers, sequins or other fun objects. Then display it in your room or award it to someone you think is a real winner!
